

Principal Life Insurance Company
2008 Insured
Prescription Drug Listing

Introduction

This prescription drug listing is provided to you by Principal Life Insurance Company. You should read the prescription drug section of your coverage booklet-certificate for an explanation of drug benefits and co-payments.

Caution

Your benefit design may exclude coverage for injectables, diabetic supplies, weight loss medications, vitamins, smoking deterrents, cosmetic drugs (including anti-aging, sun damage and hair growth/removal drugs) or other drugs. Some drugs listed here may not be covered under your program. You should refer to your coverage booklet-certificate for specific coverage information. This list is not all inclusive.

This listing is organized alphabetically. All drugs in this listing are specified by tier. Which tier a drug is in will determine the amount of your co-payment. Even though a drug is listed in a specific tier, this does not necessarily mean it is a covered benefit under your contract language. The co-payment tier is noted behind the drug name. Asterisks (*) after brand name drugs indicate there is a generic equivalent available. Drug tiers may change during the year.

- Tier 1: Consists of drugs with the lowest co-payment and includes most generics. A few drugs commonly thought of as generics are actually classified as brand name drugs and do require a higher co-payment.
- Tier 2: Includes brand name drugs in selected drug classes. There may also be some generic drugs listed in this tier. These drugs have the second lowest co-payment. Most of these drugs do not have a generic equivalent. Select classes have all brand name drugs in Tier 2.
- Tier 3: Includes brand name drugs not in Tier 2. These drugs have the highest co-payment. If you choose the brand name product when a generic is available, your cost share may be more than your Tier 3 co-pay.
- **Drugs may change tiers during the year.**

You may take this listing to your physician's office so your doctor can review the drug choices and identify appropriate drug(s) in a lower tier.

In addition, select prescriptions that are not covered by your normal prescription drug or medical coverage may be obtained at up to a 20 percent discount by showing your ID card at the time of purchase.

Generic drugs

- Many brand name prescription products have generic equivalents. In this listing, if a brand name drug has generic availability, it is indicated with an asterisk (*).
- Generics contain the same active ingredients as brand name drugs, even though the generics may be a different color, shape or size.
- Generics are as safe and effective as their brand name counterparts.
- Generics are generally priced lower than brand name products, and you will usually pay the lower co-pay when you purchase a generic. If you choose the brand name drug, you will pay more.

FOR MORE INFORMATION

- Review the prescription drug section in your coverage booklet.
- Call toll-free at 1-877-683-6838 to speak with a customer service representative.
- www.principal.com/health and click on Prescription Drug Tools.

WE'LL GIVE YOU AN EDGESM

Principal Life Insurance Company, Des Moines, Iowa 50392-0002, www.principal.com

The information contained in this prescription drug listing is provided for the convenience of members. It is not intended to be comprehensive in nature. This is not an insurance contract/plan document and does not contain all the qualifications and limitations that apply to your coverage. This drug listing is not intended as a substitute for the knowledge, expertise, skill and judgment of the medical provider in his or her choice of prescription drugs. Principal Life Insurance Company assumes no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

The drug names listed here are the registered and/or unregistered trademarks of third-party pharmaceutical companies unrelated to and unaffiliated with Principal Life Insurance Company. These trademarked brand names are included for informational purposes only and are not intended to imply or suggest any affiliation between Principal Life Insurance Company and such third-party pharmaceutical companies.

The information contained in this document is proprietary information. The information may not be copied in whole or in part without the written permission of Principal Life Insurance Company.
